                                Current Undergrad Major   AMP Graduate Program

An undergraduate student taking graduate courses as part of an Accelerated Master's Program (AMP) must complete this form each term in order to register for one or more graduate-level courses. Students in an AMP may take graduate credits while classified as an undergraduate, subject to the limits in place for the specific AMP they are completing. AMPs may allow some or all of these graduate credits to count toward both the bachelor's and master's degree requirements.

For each course, select one credit application option:	**OPTION 1:**	Applied ONLY toward the requirements for the bachelor's degree. The course will appear on your undergraduate transcript.
	OPTION 2:	Applied ONLY toward the requirements of the master's degree. The course will appear on your graduate transcript.
	OPTION 3:	Applied toward requirements of both the bachelor's degree and the master's degree. The course will appear on your undergraduate transcript but will also be used to clear requirements for the master's degree.

Note: In lieu of physical signatures, the form may be forwarded with a statement of approval from the sender's UO email address.
