NEW MEDIA AND CULTURE CERTIFICATE SAMPLE PRELIMINARY STUDY PLAN

NAME SAMPLE STUDENT DATE WINTER 2020

MASTERS/PHD PROGRAM ENGLISH DEPT., PHD SCHOOL CAS

ANTICIPATED DATE OF GRADUATION SPRING 2013

- Students must complete a minimum of 24 credits in approved courses. Among these, 12 credits must come from a series of required core courses: one course (4 credits) in Theories and Histories of New Media (this is known as the core Common Seminar required of all NMCC students); one course (4 credits) from the list of Methods courses; and one course (4 credits) from the list of Topics courses. The remaining 12 credits are devoted to Electives.
- With permission of the program director, other relevant courses may be substituted for pre-approved courses as they are developed or are considered germane to an individual student's program in new media and culture. Also note that students may petition to have non-new media courses count toward the Electives requirement if the majority of the student's research in the course involves the production of new media content (websites, databases, blogs, digital arts, etc.)
- At least 8 of the 24 credits must be taken outside of the student's home department or program.
