Current Undergrad Major
AMP Graduate Program

An undergraduate student taking graduate courses as part of an Accelerated Master's Program (AMP) must complete this form each term in order to register for one or more graduate-level courses. Students in an accelerated master's program may take a maximum of 16 graduate credits while classified as an undergraduate. Accelerated master's programs may allow some or all of these 16 graduate credits to count toward both the bachelor's and master's degree requirements.

For each course, select one credit application option:

OPTION 1: Applied ONLY toward the requirements for the bachelor's degree. The course will appear on your undergraduate transcript.

OPTION 2: Applied ONLY toward the requirements of the master's degree. The course will appear on your graduate transcript.

OPTION 3: Applied toward requirements of both the bachelor's degree and the master's degree. The course will appear on your undergraduate transcript but will also be used to clear requirements for the master's degree.

Note: In lieu of physical signatures, the form may be forwarded with a statement of approval from the sender's UO email address.
